

This certificate confirms that the procedure for the production and/or the trade of

**Wood based panels–Kitchen countertops–Furniture elements–  
Laminate flooring–Roundwood–Sawnwood–Profiled timber–Pellets  
Sawmill by-products–Barks–Laminates–Impregnated paper–Paper**

produced and/or traded by

**EGGER Group**

requested by

**FRITZ EGGER GmbH & Co. OG Holzwerkstoffe  
AT-6380 St. Johann, Weiberndorf 20**

at the sites listed in the current addendum to this certificate has undergone an initial inspection, is subject to continuous inspection and complies with the requirements of the rules and standards

**Chain of Custody**

PEFC ST 2002:2013 Chain of Custody of Forest Based Products - Requirements

PEFC ST 2002:2013 Produktkettennachweis von Holzprodukten – Anforderungen (Appendix 4)

in the valid version at a time (see [www.pefc.org](http://www.pefc.org)) as long as requirements are fulfilled.

Detailed information on the scope of the certification can be found in the addendum of this certificate.

**Certificate number:** HFA-COC-0183 (Multisite)

**Date of first issuance:** 22.06.2001

**Date of issuance:** 01.10.2014

**Valid to:** 30.09.2019

# Addendum to certificate HFA-COC-0183

Date of issuance: 01.10.2014

## Scope of certification:

Product	CoC-method	Material category (raw material origin)
Particle boards (raw)	Percentage based method Physical separation	certified material, other material, neutral material
Particle boards (coated)	Percentage based method Physical separation	certified material, other material, neutral material
MDF (raw)	Percentage based method Physical separation	certified material, other material, neutral material
MDF (coated)	Percentage based method Physical separation	certified material, other material, neutral material
HDF (raw)	Percentage based method Physical separation	certified material, other material, neutral material
HDF (coated)	Percentage based method Physical separation	certified material, other material, neutral material
OSB	Percentage based method Physical separation	certified material, other material, neutral material
Composite boards (raw)	Percentage based method Physical separation	certified material, other material, neutral material
Composite boards (coated)	Percentage based method Physical separation	certified material, other material, neutral material
Compact boards (raw)	Percentage based method Physical separation	certified material, other material, neutral material
Compact boards (coated)	Percentage based method Physical separation	certified material, other material, neutral material
Laminates	Percentage based method Physical separation	certified material, other material, neutral material
Roundwood	Percentage based method Physical separation	certified material, other material

<b>Product</b>	<b>CoC-method</b>	<b>Material category (raw material origin)</b>
Sawnwood	Percentage based method Physical separation	certified material, other material, neutral material
Profiled timber	Percentage based method Physical separation	certified material, other material
Pellets	Percentage based method Physical separation	certified material, other material
Sawmill by-products	Percentage based method Physical separation	certified material, other material
Impregnated papers	Percentage based method Physical separation	certified material, other material, neutral material
Laminate flooring	Percentage based method Physical separation	certified material, other material, neutral material
Kitchen countertops	Percentage based method Physical separation	certified material, other material, neutral material
Barks	Percentage based method Physical separation	certified material, other material
Paper	Physical separation	certified material, other material, neutral material
